

If Our Buy Local Is Not Yet Local To You:
(If we are not yet marketing in your area)
Here's How You Can Help!

Businesses	Non Profits And Schools	Everyone
Build an additional stream of income promoting ShopClickGive.com in your area.	You can raise money using our existing local businesses, even states away, until businesses participate who are truly local.	We can pay you to Monetize Your Social Media.
Work with one or two initial local non profits or schools and promote to your existing customers. That makes it easy to start.	Start by promoting coffee and soap, because everyone has to get up and get ready in the morning.	We will pay you a commission for every sale made or donation given, in this program, if you sign up businesses and non profits.
Eventually more local non profits will sign up and your customers can donate to the non profit of their choice.	The customized email/social media post will also encourage local businesses to participate.	You can raise money for specific needs or promote a certain business.
We will pay you money from each sale made by every business you get to participate, even your competition.	YOU choose who you promote.	We provide you with custom content for posting.
You increase revenue by the new stream of business while you build sales for your core business.	Now you're all local, promoting and giving.
